RE: Time Extension Request, Mercur Mine, M/045/017, Tooele County, Utah

Date of Telephone call: October 8, 1991

Time of Telephone call: @10:45 AM

Participants: David Beatty (Barrick) & Wayne Hedberg (DOGM)

On October 8, 1991, Wayne Hedberg received a telephone call from Mr. David Beatty, of the Barrick Mercur Mine. Mr. Beatty requested an extension of time to submit their Dump Leach #3 technical response which was due on September 30, 1991. He indicated they would require at least two (2) more weeks to work out some changes with their consultant (JBR) and get the latest revised changes to us.

Due to the extenuating circumstances, I agreed to give Barrick until Friday, October 25, 1991, to submit the required information. I indicated to Mr. Beatty that he would not have to submit a formal written request for the time extension. I told him I would draft a memo to file and copy him with same.
